No. 148

TAFT IS NEW PRESIDENT

Republican: California, Colorado, Connecticut, Delaware, Idaho, Illinois, Indiana, Iowa, Kansas, Maine, Maryland, Massachusetts, Michigan, Minnesota, Montana, Nevada, New Hampshire, New Jersey, New York, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Dakota, Utah, Vermont, Washington, Wisconsin, West Virginia, Wyoming, Democratic: Arizona, Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, Missouri, Nebraska, North Carolina, South Carolina, Tennessee, Texas, Virginia.

New York, Nov. 4.—William Howard Taft was today elected to the presidency of the United States for the ensuing four years. His election was a virtual landslide. At midnight Taft was awarded 288 electoral votes, with 27 more altogether probable and possibly still more. Several days before the nomination of Taft, Frank Hitchcock, chairman of the Republican National committee, had predicted that Taft would get on the first ballot 70 votes. He received 70. Hitchcock several days ago predicted that Taft would receive 225 electoral votes. Indianapolis, at this writing, says that Hitchcock was as good a prophet in New York as he was in Chicago. Taft has carried all the New England states, many of them by increased majority over those given Roosevelt in 1904.

He has carried New York by a plurality which will equal, if not exceed that of Roosevelt. New Jersey fell into line with Maryland and Delaware in the Taft column. The most states of middle west, Illinois, Indiana, Iowa, Michigan and Wisconsin, cast their votes for the Taft ticket. In the North West, with Minnesota and Dakota also give their verdict to Republicans. In the Rocky Mountain states and Pacific coast states returns are meager. Apparently Taft carried California and Colorado, although latter state is still in doubt, also Montana, Oregon, Idaho and Wyoming. West Virginia remains safely in the Republican column.

Bryan's strength was almost entirely in the south and west. He carried Louisiana, Mississippi, Texas and Virginia. Formerly carried Missouri and Kentucky, but both these states in present returns are carried by both parties. Oklahoma has gone to Bryan and Nevada apparently has.

Nebraska, Bryan's home, gave him 14,000 plurality. Wyoming has not reported sufficient indications where an election will be held. As expected, Pennsylvania gave Taft its largest plurality, it being estimated at 250,000. Illinois follows close behind with 200,000. New York following with 170,000. Massachusetts gave him 120,000 and Michigan 100,000. Mr. Bryan receives plurality of 22,000 in Texas, 55,000 in Alabama, and 90,000 both in Mississippi and South Carolina.

As early as can be estimated at this hour in the next hours the representation will be practically unchanged. The Republicans have no representative each from California, Colorado, Indiana and New Jersey. They gained one from Illinois, one from Minnesota, two from North Carolina, and five from Pennsylvania, making them a net gain of six. The Senate returns, in present Republican majority.

IN THE BIG STATES.

New York, Nov. 4.—Governor Hughes was re-elected in New York by plurality estimated at 50,000. Bryan's plurality in Kentucky is 30,000. Minnesota has re-elected Governor Johnson, Democrat, by 25,000, while Ohio also elects a Democrat governor, Judson Harmon, by 25,000. The vote for governor in Michigan was extremely close, but indications at midnight are that Lawson T. Humes, Democrat, has been elected. North Dakota, while going for Taft, predicted John Burke, Democrat, for governor. Indiana has probably elected a Democratic governor in Thomas Marshall.

NEW YORK.

Long reports indicate that Taft has carried New York by over 100,000. Estimated that Hughes is elected by at least 50,000 plurality.

ILLINOIS.

Taft has carried Illinois by approximately 50,000 votes. Chas. S. Deneen, Republican candidate for governor, ran far behind the National ticket, but has been elected by a plurality of about 30,000 over his Democratic opponent.

INDIANA.

Indications are that W. H. Taft has carried Indiana by 20,000. Thomas R. Marshall, Democratic candidate for governor, is probably elected by a small plurality.

OHIO.

No definite returns have been received from Ohio, but the reports up to 10 o'clock last night give Taft a plurality of over 100,000.

CONNECTICUT.

Taft has 40,000 of plurality in Connecticut. All form congressional and Taft for governor, were elected by a large majority.

MAINE.

Taft carried Delaware by 5,000 plurality.

FLORIDA.

The election in Florida resulted in the total Democratic majorities of from 10,000 to 20,000. Owing to the slow count of the long ballot, however, figures cannot be given at night.

GEORGIA.

Bryan has carried Georgia, but returns thus far received indicate a large Taft vote than was generally expected.

IOWA.

Late returns from the state indicate that Taft has carried Iowa by from 30,000 to 50,000.

IDAHO.

Meager returns showing only the result of the voting indicate that Taft carried the state by 2,000 and the election of the entire Republican ticket.

NEW JERSEY.

Taft carried New Jersey by at least 20,000.

MISSOURI.

Although Missouri gave Roosevelt one of the largest majorities ever polled in the State, the situation has been reversed, and the Republican nominee was elected by 35,000.

HADLEY.

Hadley, Republican nominee for governor, has carried Missouri by a small vote.

KANSAS.

Kansas, which was claimed by Bryan, has awarded Taft approximately 20,000.

MINNESOTA.

Although Minnesota gave Roosevelt one of the largest majorities ever polled in the State, the situation has been reversed, and the Republican nominee was elected by 35,000.

LONGBOAT WILL BECOME "PRO"

Toronto, Nov. 3.—Tom Longboat, the Indian runner, will turn professional within a week. Longboat has, until signed a contract to meet Donato, Hayes and Shubert in Madison Square Gardens, New York, in the very near future. Pat J. Powers, president of the National League, and impresario of bicycle and athletic events in Ontario, is the man for whom he will race. During the last few days an emissary of Mr. Powers has been working on the hands of the Indian. This morning Tom Longboat, his manager, refused to make a statement regarding the Indian's future and every officer of the Irish Canadian Athletic club did the same.

Pat Powers has offered Longboat \$1,500 for a single engagement at Madison Square gardens. This is a low offer, as Longboat will agree to a series of races after the big event in which Hayes, Donato and Shubert compete, he is to get \$500 for each engagement against such individual runner. This would give Longboat about \$2,500 on \$1,000 right off the reel as a professional race.

There another force at work. Who are willing to guarantee Longboat \$5,000 for three months work, seeing all comes in various sections of the country. It is the controversy between these two propositions that keeps the hands of Longboat from signing him a professional contract.

Longboat will be a professional in a very few days. He will get the money of his handlers operate things properly.

WILL BE WORTH SEEING.

Tonight's evening at the Edmonton opera house, Frankie Foster, of Minneapolis, and Jack Kearse, of Spokane, took in a boxing contest.

With much in a good condition, Foster is confident that he can put it over Kearse. He is expected to win. The fight is expected to be a close one. Foster is expected to be a close one. Foster is expected to be a close one.

Bryan has carried Georgia, but returns thus far received indicate a large Taft vote than was generally expected.

Late returns from the state indicate that Taft has carried Iowa by from 30,000 to 50,000.

Meager returns showing only the result of the voting indicate that Taft carried the state by 2,000 and the election of the entire Republican ticket.

Although Missouri gave Roosevelt one of the largest majorities ever polled in the State, the situation has been reversed, and the Republican nominee was elected by 35,000.

Hadley, Republican nominee for governor, has carried Missouri by a small vote.

Kansas, which was claimed by Bryan, has awarded Taft approximately 20,000.

Although Minnesota gave Roosevelt one of the largest majorities ever polled in the State, the situation has been reversed, and the Republican nominee was elected by 35,000.

DETAILS OF WOMEN'S BATTLE

Full telegraphic details of the outbreak in the British House of Commons by the suffragettes are now to hand. As eye-witnesses of the proceedings says the first intimation of anything abnormal in the women's gallery was the exclamation "There!" in the familiar note of triumph female put in that word when they have achieved their end. The mere utterance of a word denoting a breach of privilege, attendants immediately approach the speaker for the purpose of ordering her to leave the House. She raised an effort to lead her out, but she was not to be so easily dealt with. She was not to be so easily dealt with. She was not to be so easily dealt with.

There were two applications for the position of chief of police, one from John James, Humboldt, Sask., and one from F. T. Browning, Lond.

While none of the attendants tagged at the prisoners others got the order to remove them from the gallery, and with more elbow room the officials started to end the conflict. Matters, seeing the game was up, took refuge in her seat.

The attendants made short work of the fellow's climping, and he was hustled out with little ceremony or tenderness. A little later another man, tried the same tactics, and he showed the same fate. He was hustled out in the corridor, and they were expelled from the building.

CITY COUNCIL

All the members were present at the regular meeting of the city council last evening with the exception of Ald. Richards. Very little business was done. After the reading of the minutes the correspondence was read and dealt with.

O. Higgins, engineer of the government telephone system, wrote a report to paying a rental of 500 per pole for the privilege of running telephone wires along the city's electric light poles on the bridge road. The city engineer explained that the rent had been asked because the city would have to put in iron poles to carry the double system of wires. Mr. Higgins's letter was referred to the special committee which had the matter in hand.

rounded, been summoned for allowing the animals to run at large. Most of the aldermen expressed the opinion that in these cases more discretion should have been used in enforcing the by-law, and it was resolved that the by-law committee and the police committee investigate and report.

Alderman Richards, chairman of the public works committee, submitted an estimate of \$32 for a shed 25 feet by 22 feet for housing the street sprinkler, roller and other machinery during the winter. It was proposed, he said, to erect the building in lots 10, 20, and 31, Block 79, east of the Orange Hall, to face second avenue north. After some discussion Alderman Sheppard moved that the shed be reduced to 22 by 30, that it only occupy one lot. This was carried.

Under the head of inquiries, Alderman Sheppard brought up the matter of the placing of advertising signs on city property and mentioned in particular a sign sign erected at the top of the Edmonton Hill. It was resolved that steps be at once taken to have this particular sign removed.

Ald. Cameron asked as to the grading of the street railway company of Whyte avenue west, and after some discussion it was decided that if the work be at once commenced by Thursday the city 40 it and charge the cost to Edmonton.

A letter was read from the secretary of the Macleod Public Hospital, asking for the appropriation of the city hospital board in a movement for obtaining increased grants from the government, and suggesting that instead of grants of 50c per non-paying patients and 25c for paying patients, a flat rate of 50c per bed be asked.

THE H. P. L.

Alderman Sheppard moved that the council co-operate in the movement, but that an increased grant be asked for non-paying patients instead of as heretofore on paying patients, and that the mayor be named as a delegate.

Alderman Cameron seconded the motion and carried. Alderman Tipple made a long and strong speech in regard to the proposed better market accommodation and the establishment of regular market days. Alderman Cameron also spoke strongly on this subject.

After a lengthy discussion the matter was referred to the city hall, market and police committee.

The council then adjourned.

LAMONT.

New we have winter, with his heavy breath, and have him with us likely until the middle of April. Farmers are taking a rest now and they deserve it. Plenty of feed on hand for cattle and horses as yet, so little snow, and it isn't as cold. We were very sorry to know that Howard McCombs had passed during that interval of the cold and that of October. Howard was a very quiet boy—we knew him well and his death has affected quite a few around here.

His sisters, Mrs. Ed. and Charles Garrett, are away down at Boyne Lake, comforting Howard's parents. It takes the joy of life away to lose a son, as Mr. and Mrs. McCombs did. It will require a long time to heal the wound. Until the death of October, Howard was a very quiet boy—we knew him well and his death has affected quite a few around here.

CURRENT COMMENT

We have received the following let-
 ters from Mr. N. D. Mills with re-
 gard to the M. A. Harpell incident:
 Strathcona, Nov. 2, '08
 The Chronicle Co.,
 Strathcona.

RE MR. A. HARPELL.
 Dear Sirs,—I am instructed by Mr.
 A. Harpell, of the town of Wainwright,
 in the province of Alberta, to bring
 action against you for libelous
 statements contained in the
 issue of the Evening Chronicle of Oct.
 31, 1908, and in other issues of the
 same paper.

Yours truly,
 N. D. MILLS.
 To this we have replied as follows:
 N. D. Mills, Esq.,
 We refer you to our solicitors,
 Messrs. Laval & Allison, who will
 act for us in defending any action
 brought by Mr. A. Harpell now chosen to
 bring.

Yours truly,
 THE CHRONICLE CO.
 We now await the threatened action
 with the utmost equanimity. We are
 quite as well aware as Mr. N. D.
 Mills of what constitutes libel.

The Plaintiff discusses the Harpell
 question at some length editorially
 and would have its readers believe
 that the Conservative party is to
 blame entirely for this incident.
 Nothing could be further from the
 fact. Primarily assuming that Mr.
 Harpell at Wainwright is the nice
 young man that the Liberals protest
 and that he is not the man upon
 whom the notations Harpell will not in-
 duce men of both parties agree that
 the Liberal party leaders have them-
 selves to thank. The matter will
 now doubtless be pushed to the bot-
 tom in the law courts and Mr. Harpell's
 career made public as also his
 connection with this district.

It seems to us that Dr. McIntyre and
 Dr. Rutherford, who we take it are
 the leaders of the party in this dis-
 trict, have little to be proud of in
 the same opinion as to Mr. Mont-
 gomery, the returning officer. That
 these gentlemen are individually in-
 capable of any infamies we assume,
 but would it not have been honest
 and fair to have informed a dis-
 tinct course than they did? They knew
 Mr. Day's feelings in the matter and
 they knew his suspicions. The tri-
 umph of virtue of a returning officer
 where an honest expression of the
 people's opinion is desired is impar-
 tiality. Yet Mr. Montgomery, backed
 up, we presume by the Liberal
 party, including no doubt, Dr. Mc-
 Intyre and Dr. Rutherford, and in
 spite of Mr. Day's protest, sent a
 number of ballot boxes for the out-
 lying portions of the constituency to
 M. A. Harpell. Whether there was
 cause for Mr. Day's suspicions or not
 should not have altered the course to
 be followed by an impartial and
 unbiased returning officer. The ballot
 boxes should not have been sent to
 M. A. Harpell. If he was not the
 man he was supposed to be no in-
 justice was being done him and the
 duty of the returning officer was to
 the candidates and to the public.
 However, so long as the election ar-
 rangements are left exclusively and
 particularly in the hands of the do-
 minant party fair play to both
 parties is a dead letter. The elec-
 tion machinery should be absolutely
 unbiased and free from politics as it
 is in England where the judges are
 ex-officio returning officers. Until
 that day arrives accusations of crook-
 ed work founded or unfounded will
 be made and the defeated party will al-
 ways have the feeling it has not had
 a fair deal.

THEATRICAL

The coming musical event of the
 season will be the appearance on Nov-
 9th at the Edmonton opera house of
 the justly celebrated National Opera
 Company in that sterling opera "The
 Grand Duke." A musical sensation
 are always well-represented and
 large and representative audiences so
 this announcement will be hailed with
 delight by all. The opera is one that
 has stood the test of time with an
 undiminished popularity. It is the work
 of Jacques Offenbach, a French com-
 poser of international fame, whose
 many works stand as a living monu-

ment to his art. "The Grand Duke"
 was first produced in America
 in the early twenties and has ever
 since served as a leading offering in
 the various companies, producing com-
 ical opera. The score is written in a
 masterly style, always harmonious,
 yet light and catchy. The book and
 lyrics show the work of a genius.
 The comedy is seldom equalled and
 never exceeded. The company present-
 ing this delightful work is one of the
 strongest ever organized consisting of
 well known artists and a most at-
 tractive chorus. The costumes reflect
 much credit on the designer, being
 bright of color yet always blending
 with excellent taste. A complete com-
 ical and light equipment is furnished,
 thus giving a bright and useful op-
 portunity for the correct background. The
 performance is one that gives delight
 to the eye, charms the ear and extracts
 joy from the befuddled or jaded brain.
 The company is under the direction
 of Messrs. Shindler and Hestington,
 possessor of long and varied experi-
 ence whose integrity and faithful per-
 formance in all promises have earned
 for them a most enviable reputation
 among the amusement loving public.

MANTOBA MINISTER ILL.

Winnipeg, Man., Nov. 3.—Hon. J. H.
 Agnew, provincial treasurer of Mani-
 toba, lies at his home, River avenue,
 in a most precarious condition and
 his life is despaired of. At noon to-
 day he underwent an operation for
 appendicitis. The operation was suc-
 cessful, but so serious was the con-
 dition of the patient when he was op-
 erated on that there are grave prob-
 erties of his recovery.

The operation was performed by Dr.
 Blanchard, assisted by Dr. Devine.
 On Saturday night Mr. Agnew was
 taken suddenly ill, and yesterday his
 condition became serious. A diagnosis
 by his physicians showed that it was
 a case of appendicitis, and this morn-
 ing it became apparent that an op-
 eration was imperative.

JIMMY BRITT WON EASILY.

London, Nov. 3.—Jimmy Britt, California; lightweight, won a decisive victory over Jimmy Summers in their ten round contest at the Wembley stadium last night. Although there was no knockout, Britt was awarded the decision on points. The conditions of the fight called for ten rounds, 735 pounds, after weighing in at a three o'clock in the afternoon. Britt's victory was unpopular with the crowd. The American was hissed and booed uproariously. He attempted to speak to hostile crowds but the hoodlums drowned his voice. Britt left the ring quickly. In the first and second rounds Summers seemed to have more ginger than the American and landed several blows but toward the end of the third round Britt appeared to have taken the measure of the Englishman and went after his man, although owing to Summers' cleverness he was unable to land any damaging blows. The third, fourth and fifth rounds were clearly Britt's. In the next three rounds Summers braced up and again showed great cleverness, although he was fought to the ropes twice by the Californian. In the ninth and tenth rounds Britt had the advantage of landing on Summers at will. The Englishman looked to be all in at the finish.

Around the City

A novel story entitled "The Adventures and the Diamond," is now running in the columns of the Glasgow Weekly Mail. The serial is a collection in character and was written by James Graham, now editor of the Strathcona Chronicle, but formerly attached to the editorial staff of the London Daily Mail.—Journal.

It isn't so difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the heart and kidneys. The old fashioned way of doing the stomach or stimulating the heart or kidneys is surely wrong! Dr. Shoop first pointed out this error. "Go to the weak or ailing nerves of these organs," said he. Each inside organ has its controlling or "inside nerve." When these nerves fail then these organs must surely fail. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Kidney Pills. A few days' test will surely tell. Sold by all druggists.

A social and concert will be given by L.O.L. 1654 on Thursday next, Oct. 26th, the anniversary of the Gunpowder Plot. A vocal musical program has been arranged for and refreshments will be served at the close. All Orangemen in the city are cordially invited to attend.

Read the pain formula on a box of Pink Pain Tablets. Then ask your Doctor if there is a legitimate. Pain means congestion—blood pressure where. Dr. Shoop's Pink Pain Tablets check high pains, womanly pains, pains anywhere. Try one, and see for 75c. Sold by all dealers.

We have been asked to correct the report in our issue of Saturday to the effect that a wrestling match was to take place in the open house on the evening of November 9. The ladies of the English Church are giving their annual Thanksgiving supper in the opera house on that evening.

Tickling, tight cough, can be surely and quickly loosed with a prescription druggists are dispensing everywhere as Dr. Shoop's Cough Remedy. And it is so very, very different than common cough medicines. No opium, no chloroform, absolutely nothing harsh or unsafe. The tender leaves of a harmless, long healing mountainous shrub gives the curative properties to Dr. Shoop's Cough Remedy. These leaves have the power to calm the most distressing cough and to soothe and heal the most sensitive bronchial membrane. Mothers should, for safety's sake alone, always demand Dr. Shoop's. It can with perfect freedom be given to even youngest babies. Test it yourself! and see. Sold by all dealers.

BERNARD ELECTED. Victoria, Nov. 4.—Judge Langman gave his decision this morning on the recent asked by Hon. Wm. Tomlinson of the votes cast at the election in Victoria, confirming Mr. Bernard's victory.

Two days later there were winners in the 1000 yard race. General Nicholson, who was previously a leader, was charged with leading a revolutionary movement in Venezuela, was crossing the frontier with twenty thousand men from Guyana, Colombia. No further account of this movement could be learned because mail and telegraphic communications with Guyanese were suspended the following day. Large shipments of powder and shells have been received at Fort San Carlos, at Maracibo Lake and there is much activity around the fort.

Other soldiers watching Willmetts again report the serious illness of President Castro, who, according to the report, was compelled to take his bed on Thursday last. There was some talk too, of a trace of poison having been found in his food. The residents of Caracas or other Venezuelan cities look for the likelihood to be investigated this week.

A clergyman writes: "Preventive, those little Candy Cold Cure Tablets working wonders in my parish." Preventive cure will check colds and the Grippe, in a very few hours. And Preventive are so safe and harmless. No quinine, nothing harsh nor sickening. Fine for feverish, restless children. Box of 48 at 25c. B-34 by all dealers.

The National Opera Company in Oldenburgh's masterpiece "The Grand Duchess," will be off offering at the Edmonton opera house for one week commencing Nov. 9. It is inaugurating this season of one-night stands of opera in English. It is the purpose of the management, Messrs. Shockey & Huntington, to fulfill a demand for opera in the language you understand. No effort or expense has been spared in making these productions attractive from every standpoint. None but the favorite artists of the English grand and comic opera field have been secured. Mr. Palmer, the prima donna, has had for years of study and we can truthfully prompt her as having the best dramatic soprano voice in the city. The chorus includes singers of exceptionally good voice; the technical force is composed of directors to every department who have won recognition with operatic organizations of national reputation. All the scenery and wardrobe are ready, making a complete in every detail.

CASTRO COCKY AND CHIRPY. Wilkesville, Nov. 3.—The Netherlands government limit of time for Venezuela to revoke the decree of President Castro issued May 14 prohibiting the trans-shipment of goods for Venezuela has expired. President Castro has refused to revoke this decree, but as the Netherlands government has not decided upon definite action. There has been much activity here of late, but in an interview today the government of Caracas said that Holland ought to have suspended the decree at the last hour of the day fixed by the ultimatum before taking any active measures. He believed that the government had made ample preparations for any eventuality and he added that a statement would undoubtedly be issued tomorrow announcing the position of Holland and Venezuela, and what action it was proposed to take.

The opinion is held among naval officers here that no direct steps will be taken within a week. The battleship Van Heer sketched and the protected cruiser Friedland, which are here, still have on board all the essential equipment which would be needed in time of war.

There is no question, however, that Venezuela believes that the Netherlands government is preparing to blockade these ports. A decree received by the steamer Zulu from Maracibo stated that it was reported on October 21 that President Castro had ordered the mobilization of 50,000 troops to be ready Nov. 2.

DOCTORS SAID CUT OFF

"The only thing I can do now is to take the finger completely off." So said one of the leading doctors of Toronto to Mr. W. C. Edwards, P.D.C.R.A. (O.P., P.G.M.I.O.O.F.), the well-known friend of Society leader, of Fort Street, Toronto. Almost a year before, Mr. Edwards cut the middle finger of his left hand very badly and blood poisoning ensued. For two months the doctor had been trying to save the finger but no good had resulted, and this was the final decision. A fit 40-year-old box of ZAM-BUK saved Mr. Edwards from lifelong mutilation which 8600 would not have compensated him for. "Ho! Ho!" The blood poison from the finger spread up my hand and arm and caused me terrible agony. I had to lie in bed for two weeks. The doctor said there was no cure, and amputation would have to take place if I intended to save the arm. My hand, at that time, was all swollen up and discolored, and I had to carry it in a sling. I let that doctor and consulted another.

After a few weeks' treatment he also told me that amputation would be necessary, and the finger would have to be opened so that the bone could be scraped.

I went away to consider when I would have the operation performed, and met a friend who advised me to try ZAM-BUK. That night I bathed the finger with ZAM-BUK. I got a little sleep for the first time for many nights. In the morning the swelling began to feel instead of the foot of a watermelon in the pocket. This was a healthy sign. I went on with the ZAM-BUK. Well, to tell a long story short, in a few days I put away the sling and in a few weeks the finger was healed completely. To-day that finger is as sound as a bell and I owe it to ZAM-BUK.

ZAM-BUK SAVED HIS FINGER

Wives and mothers should know that ZAM-BUK is the finest, safest and surest under yet known. It is a highly bland which acts like magic in healing cuts, abrasions, poisoned wounds, cracked chapped skin, and all skin diseases. No pain is it that it can be applied to the delicate skin of babies. It is highly antiseptic. A box of ZAM-BUK is as good as a medicine chest, so many uses it fulfills. All druggists and stores sell at 50c a box or post free from ZAM-BUK Co., Toronto, for price.

WE OFFER YOU FREE TRIAL BOX. Send this Coupon, to stamp and name of this paper to ZAM-BUK Co., Toronto, and you will receive free sample.
